MEMORANDUM

TO: Green Brook Township School District Staff and Students

FROM: Joyce Picariello

DATE: November 7, 2007

RE: Recycling

Recycling is the law in New Jersey. We all must recycle in the Green Brook Township School District. Recycling saves natural resources, saves energy, and reduces the amount of waste being disposed.

The following items are to be recycled by students, teachers and staff:

- Newspaper
- Mixed paper including copy paper and magazines
- Glass, aluminum, steel and plastic bottles and cans
- Cardboard
- Fluorescent bulbs
- Computers and televisions

Please place these items in the marked containers located in the classroom or the lunchroom. If you need more bins in your classroom, please contact the custodian's office. If you observe problems associated with the recycling system, or if recycling is not properly occurring, you may also contact the custodian's office or you may contact our Municipal Recycling Coordinator at 732-968-1023 X6602.

Together we can create a cleaner, green Green Brook Township School District.
