

How do I sign up for PayForIt.net?

PayForIt.net is an online web prepayment system that gives you flexibility in managing your child's cafeteria meal account at school. As a parent you can perform the following functions:

- Add money to your child's meal account 24/7
- Check your child's account balance 24/7
- Request an activity report so you can see what your child has purchased
- Set up recurring payments so money will automatically be deposited once your child's balance falls below a certain amount
- Set up email alerts so you know when your child's balance reaches a certain amount

To take advantage of all this, you simply need to sign up for PayForit.net.

From the www.payforit.net home page, click on **“Sign up for an Account”**.

There are three steps in the registration process. The first step requires that you fill in the information for **“Create New Guardian”**. Using the pull down menu, find your child's school. If your child's School District is not listed there, then please do not sign up for an account. If your child's School District is listed, select it and then fill in the remaining contact information and then click on **“Next”**.

Please do not create an account if you do not see your School District listed.

If they are not in the list it means that they have not been set up on our site yet.

The second step requires that you enter your credit card information, a nickname for the card and the expiration date, all fields are required. If you opt to enter more than one credit card into PayForIt.net, the “**Nickname**” area is used to differentiate between the different cards. After you key in your credit card information in this step, PayForIt.net will not display your full credit card information any where on the site. For security purposes, it will only display nickname during the transaction process. When you are done entering your credit card information, press “**Next**” to continue.
